

THE ALIGNED PROPERTY PLAYBOOK

HOW TO BUILD WEALTH THROUGH PROPERTY WITHOUT
SACRIFICING YOUR LIFESTYLE

www.rightstreetproperty.com.au

WELCOME

The *smarter* way to grow your portfolio.

Property strategy, search, and finance, all working together, in one place.

Most Australians dream of building wealth through property, but few know where to start.

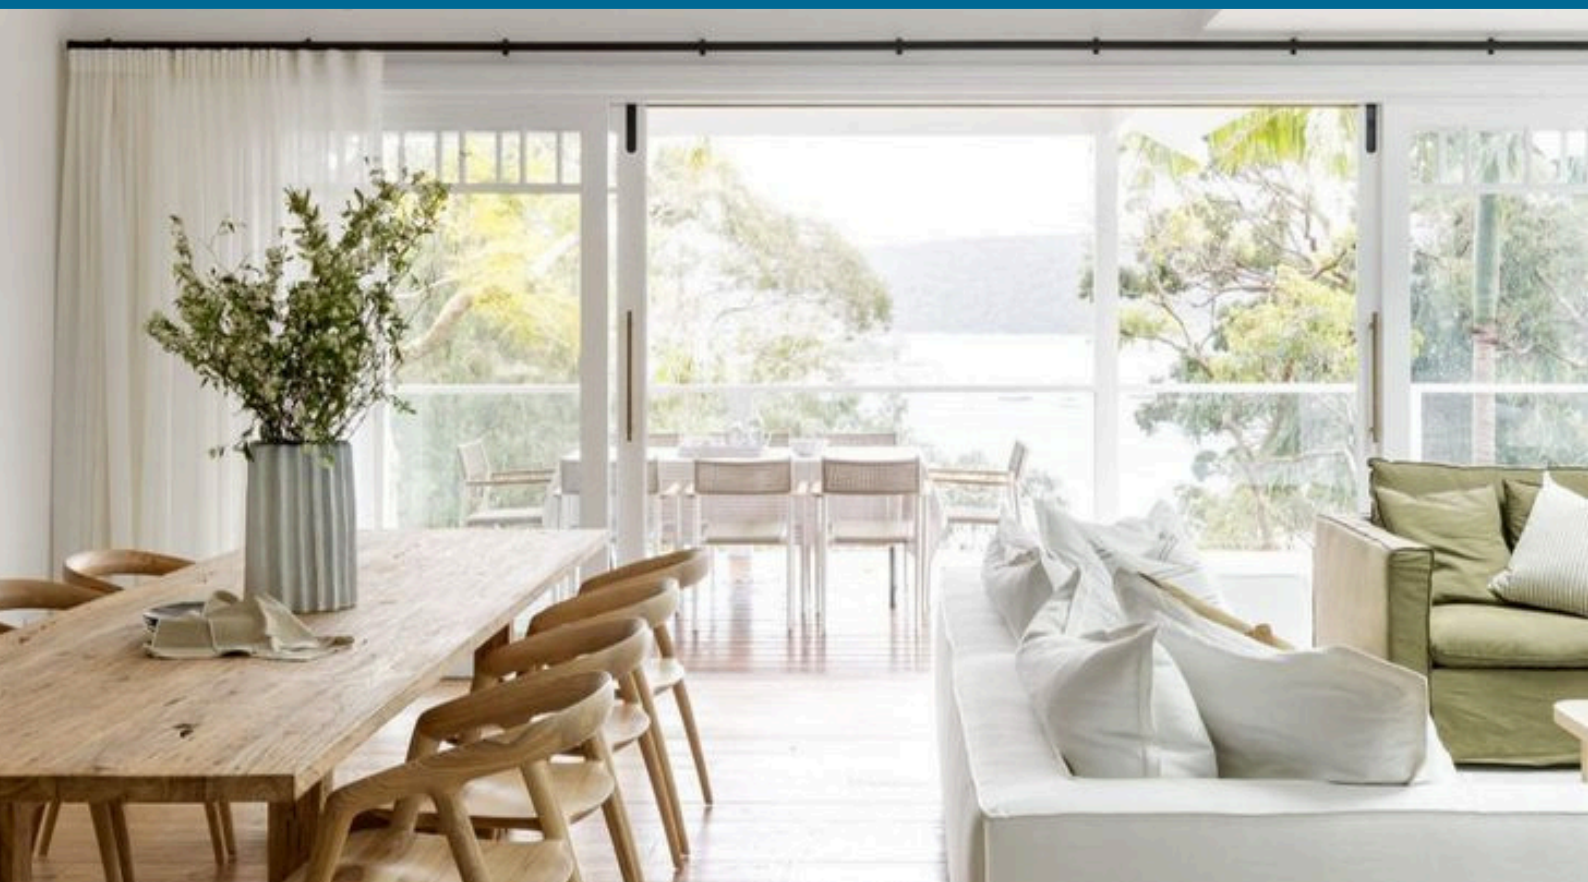

They get lost in conflicting advice, waste months searching for the right property, or end up stuck with a loan that limits their next move.

The truth?

Wealth isn't built by luck or timing.

It's built by *alignment*, where your strategy, property, and finance all work together to move you forward.

At Right Street Property, that's what we do best.

THE ALIGNMENT ADVANTAGE

**One plan. One team. No
dead ends.**

Most people treat property buying and finance as separate decisions, but they're deeply connected.

Get the property wrong, and the finance doesn't work.

Get the finance wrong, and your next property becomes impossible.

That's why we've created *The Alignment Advantage*.

A complete approach that brings property strategy, search, and finance together so you can move faster, buy smarter, and build long-term wealth.

What this means for you:

- Clarity on what to buy and why
- A loan structure that supports your next purchase
- Confidence that every move brings you closer to financial freedom

THE GROWTH SELECTION SYSTEM

**Three steps. Evidence-led.
Confident buying.**

We don't chase hype or "hotspots." We rely on data and fundamentals to identify suburbs and properties that perform, long after the headlines fade.

1. Shortlist the right suburbs

We look for areas where demand exceeds supply, analysing vacancy rates, buyer depth, listings, and access to jobs and transport.

2. Pick the best pockets

We filter out risky streets and focus on low-density areas with strong owner-occupier appeal and minimal environmental or noise risk.

3. Select a property that compounds well

Land-heavy homes with long-term value drivers, not new stock or inflated developments.

THE FINANCE FIT FRAMEWORK

One plan, one team, no roadblocks.

Most people get stuck because their finance limits their next opportunity.

We help you build a portfolio that's finance-ready for growth, not just for today, but for what comes next.

Our approach:

- Access lenders across majors, specialists, and non-banks
- Structure loans for portfolio building
- Align borrowing strategies to your goals
- Manage applications from start to finish

Whether you're buying your first investment or scaling to your third, we make sure your money works as hard as you do.

THE RIGHT STREET ROADMAP

Our 6-step process to get you there

Because we understand both sides of the equation, we don't just help you buy a property, we help you build a portfolio that's structured for growth, efficiency, and flexibility.

Here how we make it happen:

1. Discovery Call: We understand your goals, budget, and timeline. No pressure, just clarity.

2. Strategy Map: We build your tailored plan with target markets, budgets, and next steps.

3. Finance Fit: We structure your loans for both today and tomorrow.

4. Search & Assess: We uncover high-performing properties (often off-market) that match your goals.

5. Negotiate & Secure: We handle due diligence and negotiation so you buy with confidence.

6. Settle & Review: We stay with you post-settlement to plan what's next.

When you work with us, you gain a partner who sees the full picture.

Buying and financing property can be complex. but it doesn't have to be stressful.

At Right Street Property, we handle the heavy lifting so you can focus on what matters most: your goals, your family, and your future.

Our process combines property strategy, buyer's advocacy, and mortgage broking under one roof. That means no mixed advice, no communication gaps, and no wasted time.

Every decision is made with your long-term wealth plan in mind, not just your next purchase.

The right finance structure, the right property, and the right strategy, all seamlessly aligned.

WE'VE WALKED THIS PATH OURSELVES

When strategy, property, and finance work together:

- You buy smarter, not harder
- You grow faster, with less risk
- You unlock opportunities others miss

You don't need a bigger income, just a better *strategy*.

With the right plan, the right property, and the right finance, you can build a portfolio that funds the lifestyle you love.

Why *alignment* builds wealth faster

Before launching Right Street Property, we were just like many of our clients: motivated to invest, but unsure where to start.

We wanted to build wealth and freedom, without sacrificing the lifestyle we'd worked hard for.

Our first few investments were a crash course in what not to do. We learned firsthand how poor loan structures, cross-collateralisation, and rushed decisions can hold you back, and how the right strategy can completely change your trajectory.

Those lessons shaped Right Street. We understand the stress of trying to make the "right" decision, and the relief that comes with clarity.

Today, we use that lived experience to help our clients skip the confusion, avoid the costly mistakes, and invest with confidence from day one.

We've been through the same journey our clients are on, and we know what's on the other side.

More time. More freedom. More choice.

That's the real payoff of alignment

READY TO START?

***Your property journey
doesn't have to be confusing
or time-consuming.***

With *The Alignment Advantage*, we'll help you:

- Build a clear strategy
- Find the right properties
- Structure finance that supports growth

Let's align your property goals and build your wealth, the smart way.
